

## LABORATORY QUALITY POLICY

It is the policy of Ian Farmer Associates to provide a Laboratory testing service in the specialist field of soils and materials testing to the highest possible standards.

It is the policy of Ian Farmer Associates to ensure that all work the Laboratories carry out, is in accordance with the following requirements:

1. To ensure that all tests are carried out to the relevant British Standards and other relevant specifications and codes of practice.
2. To provide an efficient and cost effective service to Clients, which at all times complies with the objectives and standards of UKAS (United Kingdom Accreditation Service)
3. To ensure that the materials used in the Laboratories are of the highest standards and are obtained from Quality Assured sources.
4. To ensure that all personnel in the laboratories familiarise themselves with the quality documentation and implement the policies and procedures in their work.
5. To ensure that the laboratory's management is committed to comply with the BS EN ISO 17025: 2000 requirements.

The undersigned is responsible for formulating, implementing and revising the policy on an annual basis.

Signed \_\_\_\_\_

K. O. Marsh  
Managing Director
